

A company with a total-cycle care system that protects delicate fabrics and textiles

A company that will retain that new installation look for years of enjoyment in a clean and healthy environment. Only one company offers this to designers. All Clean Carpet, Inc. is the authorized distributor/applicator of Fiber-Shield® fabric protection system - the industry accepted soil and stain protectant for all soft goods!

Fiber-Shield's® patented fabric protection is hands down the proven protectant recommended by interior professionals, architects and design firms.

Fiber-Shield® Fabric Protection System

Your Partner in the Industry

While the cleaning and fabric protection services we provide are not exciting or even fashionable, we can effectively relate to you, the designer - an important partner in the industry.

We know how hard you have worked to achieve "professional" status in your field as a design firm. We relate because we also consider ourselves professionals, with an intense focus and dedication for what we do. We view ourselves as an extension of the firms we work with; collaborating with you - the designer, throughout the entire process.

Does Your Provider have You Covered?

You may be receiving our type of services from another company now. How is the quality of their services affecting your firm, your reputation, your client, and are you getting the results you pay for? Who is performing maintenance for your clients? A sub-contractor with an unmarked white van? Mmmmm! What is the extent of the warranty being provided? Who is responsible for an insurance claim should something go wrong? Do they have a warehouse offering pre-treating services off site? If you are unsure about any of these circumstances, rest assured - All Clean has got you covered.

In addition to assurances, we bring over 30 years of experience working directly with designers, design firms and high profile clients. We have no sub-contractors, no generic white van. What we have is a lifetime care warranty with Fiber-Shield® application, expert knowledge and a stellar reputation that has earned us 4.5 stars from The Franklin Report year after year.

Testing, Training and Education

We are available to meet with you and your staff for informal training or education on Fiber-Shield® or our cleaning services. We welcome the opportunity to test and protect, at no cost, any fabric you may be considering for your clients. We will also share our knowledge on its performance and cleanability so you are 100% informed and confident with the knowledge and expertise we've provided.
